We are a NAAC A++ graded university, which also has been recognized as a Grade I institution by the University Grants Commission. We have state-of-the-art laboratories that host research excellence funded through various government grants and projects. Our library hosts materials from the national and international repositories to capture your interest in varied fields.

We are determined to stand by you at every stage of your academic life cycle, for which we have a robust placement cell that will ensure your place in the job market.
