National Library Week

(14 to 20 November 2022)

National Library Week provides an opportunity to raise awareness about the significance of libraries in academic and social development. The programme aimed to promote library use, encourage reading habits, and strengthen the relationship between libraries and their users. The theme, **"Connect with Your Library,"** highlighted the importance of libraries as centres of knowledge, learning, research, and intellectual development.

The initiative at CSJMU underscored the role of the university library in supporting teaching, learning, research, and knowledge dissemination. The programme coordinators were Dr Ashish Kr. Srivastava, Dr Shweta Pandey, and Dr Ravi Shukla.
