Examination Centre

The examinations for all programmes offered in the Open and Distance Learning (ODL) mode by the Centre for Distance and Online Education (CDOE), Chhatrapati Shahu Ji Maharaj University (CSJMU), Kanpur, are conducted in accordance with the applicable UGC (ODL and Online Programmes) Regulations and the academic regulations of the University. The responsibility for planning, coordinating and conducting the examinations rests with the Examination and Evaluation Unit of CSJMU, under the overall supervision of the University.

To facilitate the smooth and efficient conduct of examinations and to ensure greater accessibility for ODL learners, the University has established five (05) Examination Centres in its affiliated colleges for ODL programmes. The creation of these additional examination centres represents an important step towards strengthening the University's examination infrastructure and providing learners with a more convenient and well-organized examination facility.

The examination centres have been established with due consideration to adequate infrastructure, examination security, invigilation arrangements, accessibility and compliance with prescribed regulatory norms. The centralized coordination by the University ensures that the same standards and procedures are followed across all examination centres.

The establishment of five Examination Centres enables the University to:

- **Ensure** uniform and transparent conduct of examinations **across all ODL programmes.**
- **Provide** adequate examination infrastructure and learner-friendly facilities.
- **Strengthen** centralized monitoring, supervision and coordination **of the examination process.**
- **Ensure appropriate** invigilation, confidentiality and security **of examination materials.**
- **Improve** accessibility and convenience for ODL learners **by providing examination facilities at designated centres.**
- **Maintain the** credibility, fairness and academic integrity **of the evaluation process.**

Thus, CSJMU has strengthened its ODL examination framework by establishing five designated Examination Centres, coordinated and supervised through the University's Examination and Evaluation Unit, thereby ensuring a transparent, secure, accessible and standardized examination system for ODL learners.
