Introduction

CSJM University is dedicated and committed to the overall development of students. Therefore, all the departments of CSJM University is continuously working on student's satisfaction from its genesis. That is why; this Action Taken Report is based on the student satisfactory survey of 2019-20. The following actions were taken on identified major areas to improve overall teaching and learning experiences of the students.

Identified Major Areas

Action Plan Strategies

1. Digital Pedagogy Skills

- a) To cope up with Covid-19 pandemic, use of online meeting platforms such as Google Meet, Zoom Meeting was made essential for faculties and students for conducting online classes smoothly.
- b) Enhanced use of ICT tools for making more interactive classes.
- c) Promoted two way teaching learning process by interactive classroom.

2. Curricular Enhancement Activities

- a) Promoted students self-learning by giving assignments, power points presentations, project etc.
- b) Organised poster presentations, and subject related model-making events.
- c) Developed experiential teaching learning materials for the students.
- d) Applied brain storming sessions for advanced learners.

3. Guidance and Counselling

- a) Mentoring and counselling were provided to students for their cognitive, social and emotional growth.
- b) Invited renowned counsellors for vocational, professional and personal counselling.
