

Departmental Highlights

Department of Library Science – Key Highlights

- **Distinguished Faculty Excellence**
A team of highly qualified and experienced faculty members committed to academic rigor and professional mentorship.
- **Smart RFID-Enabled Knowledge Hub**
A fully automated, next-generation library powered by RFID technology for seamless and efficient operations.
- **Intelligent Access Control System (Smart Gate Entry)**
Secure, technology-driven authorized entry ensuring a safe, monitored, and user-friendly library environment.
- **Self-Service Kiosks & Automated Circulation System**
Advanced auto issue/return stations enabling fast, contactless, and hassle-free transactions.
- **Hybrid Knowledge Resources Ecosystem**
Extensive access to **e-books, e-journals, scholarly databases, multimedia resources, and e-theses**, supporting comprehensive academic and research needs.
- **Digital Library with Remote Access सुविधा**
24×7 seamless access to digital resources from anywhere, enabling uninterrupted learning beyond physical boundaries.
- **Air-Conditioned, Ergonomically Designed Reading Spaces**
शांत, comfortable, and well-lit study areas with excellent seating capacity for an enhanced learning experience.
- **Advanced Computer Lab & Digital Learning Infrastructure**
مجهز with high-speed connectivity and modern systems for hands-on training in library automation and digital technologies.
- **Dynamic Digital Signage System**
Real-time information display for announcements, updates, and user engagement.
- **Inclusive Assistive Technology Lab for PwD Users**
Empowering differently-abled users through accessible tools and adaptive learning technologies.
- **Special Collections & Heritage Resources**
Dedicated collection on **Indian Knowledge System (IKS)** along with rare and valuable books preserving intellectual heritage.
- **Experiential Learning & Internship Platform**
The Library provides a practical platform for Library Science students to gain hands-on exposure to modern practices, tools, and workflows.
- **AI-Driven Innovation & In-House Projects**
Exposure to emerging technologies including **AI-based learning projects**, currently designed and developed in-house, preparing students for future-ready careers.
- **Modern Auditorium (Capacity: 60 Students)**
Ideal venue for seminars, workshops, orientations, and academic interactions.
