DEPARTMENT OF COMPUTER APPLICATION

UNIVERSITY INSTITUTE OF ENGINEERING & TECHNOLOGY
(SCHOOL OF ENGINEERING AND TECHNOLOGY)

CSJM UNIVERSITY, KANPUR

About the Department:

The info-revolution has created growing demand for perfect computer professionals. Our Institute took up the task of meeting that requirement, and started the MCA/BCA programme with state-of-the-art infrastructure and skilled mentors in 2001-2002. The Department of Computer Applications was started with an intake capacity of 60 students each in MCA as well as in BCA Programme.

This Department takes utmost care to nurture the software skills of the budding software engineers by conducting various training programs in high-end technologies and giving hands-on projects with active assistance from its teaching faculty. As a result, the Department is making rapid progress in academic performance and student career track. Our students have completed their way into companies like Infosys, Wipro, Satyam, HCL, Accenture, Mindtree, Honeywell, and Mascot name a few software giants.

Industry demands professional technical skills and H.R. and other soft skills that are paramount necessary for the present day global industry needs. We take care to imbibe such soft skills by organizing various forums, seminars, special classes, and related activities. The syllabus is updated at regular intervals to reflect the current trend in the rapidly growing field of computer science.
