Value Aided Course on
Personality Development and Life Skills:
An Expectation of National Education Policy 2020
(EDU-PDLS 01)

About the Course

Personality of a person is the unique determinant of his life. The complete development of the personality of the student is one of the main objectives of the education system. Indian education system emphasizes on providing satvik direction to the personality of the student so that he may develop as a good human being. According to the same idea of Indian knowledge system the new education policy, 2020 has also considered that fundamental objective of the education system is to develop the student as a good human being. therefore, in today's competitive era education should give the direction to the personality of the student in such a way that in the personality of the student his own eternal culture is reflected, his own specific abilities are fulfilled, necessary life skills should be included in his Workingstyle and his presentation in every field of life should be best.

Course Objectives

1. To develop an understanding of personality development in the students as guided by the National Policy on Education.
2. To improve the skills required for the personality development of the students.
3. To make students aware of essential life skills in Indian social perspective.
4. To develop life skills in students in line with the National Policy on Education 2020.
5. To generate competence for self-presentation in the students according to the modern competition scenario.

Learning Outcomes

After the completion of this Value Aided Course, participants will be able to-

1. Aware from the traits of a good human being in the light of Ram Charit Manas.
2. Understand different aspects of personality development.
3. Use various life skills for facing real life problems.
4. Learn different type of Life Skills.
