An Industrial Visit for Adamya Herbal Care, a Start up project of Dr. Mahesh Verma, from Pharmacy field with specialization in Medicinal Chemistry, was arranged for the students of M. Pharm. and B. Pharm. final year. AHCPL Innovates Research driven Herbal Formulations by collaborating with world class different institutions associated with Drugs Development. After completing the visit at CDRI, the students were taken to Adamya Herbal Care, Lucknow. Dr. Mahesh shared about his knowledge on startups and the products manufactured. He shared about the collaboration of his startup with CDRI and other Government Labs for the clinical testing of the products manufactured. He aims to serve the society with his new innovative herbal products. The products are available by the name AHC. The various products covers various diseases like Viral fevers, Immunity related products, Stress relieving, Hair fall related etc. He motivated the students to come with their ideas and to startup their own startups.
