Value Added Course
on
"DIGITAL LITERACY AND SOFT SKILLS"
(EDU-DLSS 04)

Value added courses are the types of courses which help a particular individual to develop their own skills in their chosen field of the study. They are mostly independent to each type of the fields. Department of Education, CSJMU University, Kanpur offered a value added course for the year 2022 i.e. Digital Literacy and Soft Skills. The students have the option to choose the course according to their desires and inclinations. From the expertise our students gain knowledge through the value added course, which will enable them to face the formidable challenges of the future.

The main objectives of the Value added courses are:
- To provide students an understanding of the expectations of industry/institution.

- To improve employability skills of students of CSJMU.

- To bridge the skill gaps and make students industry/institution ready.

- To equip the students to enhance their skills and add value to the existing curriculum.

Course Eligibility: Course is open for all UG/PG Students.

Course Intake: 35

Course Duration: 30 hours

Teaching & Learning Mode: Blended

Rules pertaining to Evaluation:
The Evaluation will be done internally by the concerned teachers. Assessment of the course will be held for maximum marks of 50. Candidates gaining 50% marks will be entitled for getting certificate. The marks will be divided as per the following table:

Assessment	Marks
Theory	30
Assignments	20
TOTAL	**50**

SYLLABUS
DIGITAL LITERACY & SOFT SKILLS

Course Objectives:

- To develop digital literacy skills that will enable them to function as discerning students in an increasingly digital society.
- To access various tools and applications for learning and skill development. Operate a variety of hardware and software independently and troubleshoot common problems.
- To acquire confidence in using computer techniques available to users.
- To recognize the basic components of computers and terminology; Understand data, information and file management.
- To enable students to create documents using Word processor, Spreadsheet & Presentation software, Understand computer networks, Internet.
- To enable students to browse the internet, content search, email and collaborate with peers.
- To enable students to improve existing skills and learn new skills.
- To develop familiarity with simple English terms.
- To recognize words and understand their meaning, phrases, sentences and paragraphs.
- To develop a habit of reading with a purpose.
- To enable students to speak and respond correctly.
- To develop effective presentation skills.
- To become self-confident individuals by mastering inter-personal skills, team management skills, and leadership skills.

Course Learning Outcomes:

- Students will be able to understand the concept of digital literacy and its increasing utility in the society.
- Students will be able to get acquainted with various tools and their applications successfully.
- They will be able to create various documents using these digital tools.
- They will develop a strong practical orientation which will enhance their reading habits.
- They will become self-confident individuals by mastering inter personal skills creativity and leadership skills.
