

School of Pharmaceutical Science has celebrated World Pharmacist Day on 25 September 2023. This special day focused pharmacy stream as a noble profession and highlights its vital role in healthcare with addressing global health issues. The students of pharmacy have shown their keen participation in different events. They organised programs such as treasure hunt, Nukkad Natak, essay and logo competition, tree plantation, PowerPoint presentation and theme-based poster and rangoli. Students also designed working models of instruments used in pharmacy. A free health camp was also conducted in the Govind Nagar area that aimed free detection of sugar level and blood pressure tests of nearby persons. Few glimpses of programs organised by our students are shared here.
