

12 RESPONSIBLE CONSUMPTION AND PRODUCTION

ENSURE SUSTAINABLE CONSUMPTION & PRODUCTION PATTERNS

Relevance

Efforts to promote sustainable consumption and production extend to the efficient use of resources across the campus. CSJMU has established a robust waste handling system to manage resources effectively and minimize waste generation. Furthermore, the university is committed to achieving zero waste to landfill by implementing programs such as Kabad se Kamal. Through these initiatives and programs, the university actively contributes to fostering sustainable consumption and production patterns, promoting environmental responsibility, and safeguarding natural resources for future generations.

Current Interventions

- ∞ University workshop has been repairing broken chairs, tables, and other furniture, making them suitable for everyday use.
- ∞ The program saved the university INR 2,23,76,450 in the previous year.
- ∞ This innovative activity has led to students gaining a better understanding of resource conservation, developing new skills, and contributing to environmental protection.

Policy/Guidelines of the Institute

- ∞ Sustainable procurement and investment policy
- ∞ University is committed to doing all procurement through the Government e Marketplace (GeM) portal
- ∞ Ensuring expenditure for procuring goods and services through a uniform, systematic, efficient, cost-effective procedure, and considers environmental and social impact.

Future Plans

- ∞ Developing a culture for organization of events as sustainable events
- ∞ Awareness camps to promote sustainable consumptions.
- ∞ Guidelines to give some relaxations to the supplier adopting sustainability in their business
