

17 PARTNERSHIPS
FOR THE GOALS

STRENGTHEN THE MEANS OF IMPLEMENTATION & REVITALIZE THE GLOBAL PARTNERSHIP FOR SUSTAINABLE DEVELOPMENT

Relevance

CSJMU believes in the power of partnerships to achieve sustainable development and actively engages in collaborations to further its sustainability goals. The International Cell at CSJMU Kanpur plays a pivotal role in fostering global academic and research collaborations, enhancing the university's international profile. Established to bridge the gap between local and global educational landscapes, the Cell is instrumental in facilitating partnerships with universities, research institutions, and organizations worldwide.

Current Interventions

-  Partnerships with international universities for knowledge exchange on sustainability practices.
-  Engagement with government and private sectors to support
-  sustainable development initiatives.

Policy/Guidelines of the Institute

-  Encourage cross-sector partnerships to advance the SDGs at local and global levels.
-  Regular review and assessment of partnership effectiveness in achieving sustainability goals.

Future Plans

-  Expand global partnerships to include more diverse stakeholders.
-  Initiate joint projects with international institutions focusing on SDG implementation.
-  Implementation of collaborative research projects, joint conferences, and workshops
