

ISSGP-2026

International Conference on

“INNOVATIVE STRATEGIES FOR SUSTAINABLE GOALS IN HEALTHCARE AND PHARMACEUTICALS: ADVANCING DRUG DISCOVERY AND DEVELOPMENT”

13th & 14th March, 2026

Venue: Virangana Rani Lakshmibai Prekshagraha, CSJM University Campus, Kanpur-208024

About The University

Chhatrapati Shahu Ji Maharaj University (CSJMU), Kanpur, established in 1966 and formerly known as Kanpur University, is a premier public state university in Uttar Pradesh, India. It was created to reduce the pressure on Agra University and has since grown into a major center of higher education. The university spreads over 265 acres and serves over 1.2 million students through its own programs and about 700 affiliated colleges across seven districts. CSJMU offers a wide range of undergraduate, postgraduate, and doctoral programs across diverse fields such as Arts, Commerce, Science, Law, Agriculture, Medicine, Engineering, Pharmaceutical Sciences, and Management.

The university is recognized by the University Grants Commission (UGC) and is accredited with a A++ grade by NAAC. The university acquires ranks in the international QS Asia (901-950 band) and secured 297th position in the QS South Asia rankings. It has taken steps to restructure itself by establishing various specialized schools to foster advanced studies and research, aligned with the New Education Policy 2020 and Sustainable Development Goals (SDGs). The institution is known for promoting academic excellence, conducting high-level conferences, and encouraging innovation and research that supports sustainable development and societal progress.

CSJMU has a rich tradition of academic and cultural activities, committed to producing skilled professionals and researchers for national growth and global challenges. It also has a strong placement record with top recruiters from various industries. The university celebrates its foundation day every year on February 9, symbolizing its motto, "Aroh Tamso Jyoti" (Rise from darkness to light), emphasizing enlightenment through education and knowledge.

About The School of Pharmaceutical Sciences

The School of Pharmaceutical Sciences (SOPS) at Chhatrapati Shahu Ji Maharaj University (CSJMU), Kanpur, was established in 2004 with the objective of providing quality education and research in the field of pharmacy. It was formerly known as the University Institute of Pharmacy and has grown to be one of Uttar Pradesh's most prestigious pharmacy schools. The School adheres to global standards, sets industry benchmarks, and is approved by the Pharmacy Council of India (PCI) and has find place in rank band of 100-125 in NIRF 2025.

SPS offers a comprehensive range of programs including Diploma in Pharmacy (D. Pharm.), Bachelor of Pharmacy (B. Pharm.), Master of Pharmacy (M. Pharm.) with specializations in Pharmaceutics, Pharmacology, Pharmaceutical Chemistry, and Pharmacognosy, as well as a doctoral (Ph.D.) program in Pharmaceutical Sciences introduced in 2021. The school provides state-of-the-art infrastructure, including well-equipped laboratories, smart classrooms, seminar halls, computer labs, animal houses, medicinal gardens, separate hostels for boys and girls, and other student amenities.

The faculty comprises highly qualified and experienced professionals dedicated to delivering quality education and fostering research. The school encourages innovation, practical training, and industry collaboration, with MoUs established with reputed research labs like CSIR-CDRI, CSIR-NEIST, E-Spin NanoTech, Amar Pharma, Signa Pharma and Ideal Pharma. These partnerships provide students with valuable research exposure and internship opportunities.

Under the leadership of Honourable Vice Chancellor Prof. Vinay Kumar Pathak, the School continues to strive towards international standards in education and research, aiming to produce globally competitive pharmacy professionals who contribute to healthcare advancements and sustainable development.

About The Conference

The conference concept for “Innovative Strategies for Sustainable Goals in Healthcare and Pharmaceuticals: Advancing Drug Discovery and Development” centers on addressing the urgent need for integrating sustainability into healthcare and pharmaceutical innovation. The event aims to bring together global experts, researchers, industry leaders, policymakers, and practitioners to share cutting-edge research, breakthrough technologies, and practical strategies that align drug discovery and development processes with the United Nations Sustainable Development Goals (SDGs). The conference will emphasize eco-friendly and socially responsible approaches to pharmaceutical research and manufacturing, including green chemistry, waste reduction, digital innovation like artificial intelligence in drug design, and sustainable supply chain management. It seeks to explore how emerging technologies can accelerate the development of affordable, safe, and effective medicines while minimizing environmental impact and fostering equitable healthcare access.

By fostering interdisciplinary dialogue and presenting successful case studies, the conference aims to inspire actionable roadmaps for sustainable drug discovery and healthcare delivery. Attendees will gain insights on addressing global healthcare challenges such as antimicrobial resistance, chronic diseases, and pandemic preparedness through sustainable solutions.

Ultimately, this event will serve as a platform to catalyze transformative change in healthcare and pharmaceutical sectors, promoting economic, social, and environmental sustainability while advancing medical science for global well-being.

Theme of The Conference

The major theme of the conference “Innovative Strategies for Sustainable Goals in Healthcare and Pharmaceuticals: Advancing Drug Discovery and Development” is focused on “Sustainable Innovation in Drug Discovery and Development”. This theme reflects the drive to integrate eco-friendly, socially responsible, and economically viable strategies into pharmaceutical research, development, and healthcare delivery.

Key thematic areas include:

- Advances in drug design, discovery, and development leading to affordability and sustainability.
- Application of artificial intelligence, machine learning, and computational tools to optimize drug discovery processes.
- Green chemistry and environmentally benign pharmaceutical manufacturing.
- Novel drug delivery systems and formulation innovations.
- Addressing global health challenges such as antimicrobial resistance and neglected diseases through sustainable solutions.
- Policy alignment and capacity building to support sustainable healthcare and pharmaceuticals.
- Collaborative partnerships across academia, industry, and government to foster innovation with social impact.

Important Dates

Conference Date	13 & 14 March 2026
Registration Start Date	17 January 2026
Registration Deadline & Abstract Submission Last Date	20 February 2026
Notification of Abstract Acceptance Date	02 March 2026

Registration Fees

Participants	Fees (Online)	Fees (Offline)	On Spot Registration
UG/PG Students	300 INR	1000 INR	1500 INR
Ph.D. Students/Faculty	600 INR	1200 INR	1700 INR
Industry Persons	1000 INR	2000 INR	2500 INR

The offline registration fees include a registration kit, conference material, and meals.

Registration link: <https://forms.gle/F88Z46q7pgh1wQdw6>

Payment link: <https://p.ppsl.io/PYTMPS/FTDMqk>

Speakers

There will be 06-10 talks from experts in academia, research labs, and industry, nationally and internationally during the conference. A few of the expert talks will be arranged virtually.

Guidelines for Abstract

- Abstract title and content must be allocated to a specific Theme.
- The presenting author must be listed as the first author.
- The presenting author is required to ensure that all co-authors are aware of the content of the abstract before submission
- Abstracts should represent the original work.
- Informative abstracts and critical abstracts are accepted.
- Please download the Abstract Template and follow the format carefully.
- The abstract should be submitted in the format of MS Word. The text should be in Times New Roman font, 1.5 Line Spacing, 12 point and A4 size paper with 1 inch margin on all sides.
- Abstract must be prepared in clear English language with correct grammar and spelling of a quality suitable for publication.
- Abstract Title: Limited to 20 words in Bold, Centered, Upper Case
- Presenting/First Author and Co-authors Details:
- Full Name of Presenting Author*, Full Name of Co-authors
- Affiliation Details: Department, Institution Name, City, State (if relevant), Country-Pin Code
- *Email of presenting author
- Abstract Text: Limited to 350 words
- Keywords: Maximum 5 keywords must be mentioned in the abstract.

Full length selected articles of quality as per the requirement of journal will be published in Scopus Indexed Journal and Article Processing Charges (APC) will be borne by communicating author.
