### Parent Feedback: Method and Action taken (2017-18 and 2018-19)

Parents of students are one of the primary stakeholders who can help evaluate and enhance the quality of the teaching-learning system and infrastructural facilities of the institution. Feedback is collected from parents towards institutional functioning, academic courses, learning ambience, delivery of academics, examination and evaluation mechanism, transparency of all institutional processes, promotion of professional communication and competencies, employability of the wards etc. The parents are requested to provide their opinion on the following:

- The learning ambience at the institute is good.
- I am satisfied with the teaching learning process at the institute.
- The teaching learning assessment methodologies followed are transparent.
- I am aware of the academic processes of the institute.
- I can approach any academic/administrative official for discussions/clarifications.
- I am satisfied with the academic as well as personal growth of my ward.
- I am satisfied with the timely conduct of examination and declaration of results
- I am satisfied with the fee structure

Parents can choose from the options Strongly Agree, Agree, Neutral, Disagree and Strongly disagree to provide their feedback. The feedback is collected from the parents as hardcopies.

The feedback of the Parents is collated, analyzed and the results are presented graphically and uploaded on the website. The suggestions, comments and results of the Parents feedback are taken into consideration when deciding the curriculum and framing the other policies of the institute.

Some specific comments and action taken are mentioned below:

Feedback	Action taken
Laboratory facilities can be improved	New simulation laboratory based on latest software packages were introduced in CHE Computers of the latest configuration replaced the older computers in the department of CSE and IT A Digital Electronics Lab was set up in CSE
Keep the syllabus updated as per the current needs of the industry	Expert talk by alumni and experts from industry and academia were organized to keep the students informed about the current trends in the industry. Students were encouraged to enroll in online courses such as Coursera, NPTEL etc to upgrade their skills
Institute can help students in getting Internships	Departments were requested to play a more proactive role in ensuring internships for every
